

To Whom It may Concern

I am writing this letter on behalf of Darlene Persson who I contacted because an antique diamond ring I had inherited from my mother & meant so much to me had disappeared & I assumed it had been stolen. Darlene said it had not been stolen & I could find it covered by debris under the kitchen sink behind the trash container. I hung up & rushed to the kitchen & found the ring.

I hope you will consider taking advantage of her amazing talent.

If you wish to call me my #415-331-5702
